A couple of weeks have passed since the Christmas Party and the responses I have received are pretty positive. I wasn't too certain how the facilities at The Secret Garden would work out for us, but I have to say that the room was nice, the food was substantial and the management's desire to please was exceptional. Of course, without the decorating talent of Nancy Allison Clem and the willing assistance of Donna, Trent and Gunar the room would not have been what it was!

Certainly the value was outstanding. We will consider that location again for next year.

Last year at this time I wrote about my pleasure in being on the giving end of EAA's Award Certificates for Chapter officers and volunteers. It was good to do it again this year. It has been said many times, and it remains true that only the work and dedication of willing volunteers makes a Chapter successful. I know that we failed to recognize the numerous folks who have given of time and talent as Young Eagles Ground Volunteers this past year, and that is my fault. We will try to remedy that in the New Year. In the meantime please accept my apologies for the oversight.

We had a Board Meeting last week and officially welcomed Gary Johnson as our new Vice-President for 2005. Thank you, Donna for serving in that position this past year. We kicked around a few ideas for 2005. One possible project is the construction and installation of a tetrahedron, or wind tee at Sequim Valley Airport. We'll be sounding out airport management on the idea. We may also have some more Chapter merchandise to sell for fun and fund-raising. And of course our participation in the Young Eagles program, lead by Jim and Bev will continue.

In closing this piece, and the year, I must again say "Thank You" to all who devoted time, talent and enthusiasm to our Chapter's activities this past year, which made my job as your President so much easier and enjoyable.

I wish you all a Blessed Christmas Celebration and a happy and prosperous 2005!

Bob Hicks
